

GHM GROUP CORPORATE
GHM Messtechnik GmbH | Tenter Weg 2-8 | 42897 Remscheid | GERMANY

Declaration of compliance with Regulation EC 1907/2006 (REACH)

Dear customer,

As a manufacturer of measurement and control technology products, we are regarded as a downstream user (manufacturer of products) according to the REACH Regulation.

GHM Messtechnik GmbH supplies neither substances nor preparations that come under the authorisation or registration requirement as defined by (EC) Regulation 1907/2006, nor does an intended release of substances occur when our products are used for their intended purposes. We are consequently not obliged to submit a registration in accordance with Article 7(1) in the sense of the above-mentioned Regulation.

As a downstream user, we nevertheless have a commitment to informing you, as our valued customer, in accordance with Article 33 of the REACH Regulation in the event that our products contain more than 0.1% by mass of substances of very high concern as published in the SVHC Candidate List (ECHA).

The following substances in the Candidate List (as at 17 January 2023) are contained in GHM Group products and their packaging in concentrations of more than 0.1% by mass:

Lead
